SUBJECT: Firearm Denial Appeal Review
National Instant Criminal Background
Check System (NICS) Transaction
Number (NTN)-1HJ1XMR

Dear Mr. Ross:

The material you submitted is insufficient to authorize your eligibility to purchase or redeem a firearm. Please be advised that the North Carolina State record used in the evaluation of your transaction currently reveals one potentially prohibitive arrest record lacking required criteria (i.e., conviction, dismissal, deferred adjudication, crime classification status level, domestic relationship, etc.).

By way of background, the NICS is a national system that interfaces with existing systems such as the National Crime Information Center (NCIC) and the Interstate Identification Index (III) to provide information on individuals who may be prohibited from the transfer of a firearm pursuant to either federal and/or state law.

The FBI CJIS Division's NICS Section was unable to obtain complete disposition information for one arrest contained on the North Carolina State record that was used as the basis for your denial. Consequently, although the original prohibitive criteria have been resolved, potentially prohibitive criteria exist on that record. Therefore, unless the appropriate documentation is submitted and/or your record is updated, any future firearm transactions will be subject to a delay.

Please be advised, unless the arrest record used in the evaluation of your transaction is removed from the state record and/or is updated by the submitting agency, future

Mr. Daniel Hubert Ross

transactions may continue to be delayed based upon a name match with an arrest record. The name and location of the agency that holds this potentially prohibitive criteria is as follows:

North Carolina State Bureau of Investigation
3320 Garner Road
Raleigh, NC 27626
